SOFTWARE SPECIFICATIONS
BULLETIN 4

UPDATE TO
PUBLICATION 1346N
FOR
TAX YEAR 2005
December 13, 2005

This document supplements Nebraska Publication 1346N, and is intended to notify software developers in the Federal/State Electronic Filing Program of changes to original specifications releases.

TAX YEAR 2005 BULLETIN # 4

On Page 7 of our Tax booklet Form 1040N instructions, column 1 worksheet, the reference to "line C (Form1040EZ)" found on Line 1 of the worksheet, should be "**line B** (Form 1040EZ)".

On the back of Tax Booklet Form 1040NS, Line 4 instruction, the Standard Deduction worksheet, reference to Line A found on Line 1 should read: "Enter amount from **line B** of the federal standard deduction worksheet . . ."

These same invalid line references were carried forward into our 1346N Appendix G. Here are those parts of Appendix G with the correct line references, plus the references to Federal Telefile removed.

This is from the 1040N Line 6 Standard Deduction Worksheet:

1.   Enter amount from line 1 of the federal standard deduction worksheet for dependents (Form 1040 or 1040A) or from **Line B** (Form 1040EZ); ~~or enter standard deduction amount from line J of Federal TeleFile Tax Record~~ **(if entering the minimum federal Standard Deduction of $800, enter only $770)**

This is from the 1040NS Line 4 Standard Deduction Worksheet:

1.   Enter amount from **Line B** of the federal standard deduction worksheet for dependents, ~~or enter standard deduction amount from line J of Federal TeleFile Tax Record~~ **(if entering the minimum federal Standard Deduction of $800, enter only $790)**
